The PM 84/60/48 Collapsible

Save space twice !

The one and only collapsible plate rack stacker in the world. These PLATE MATE models have been specifically designed for rentals and catering companies that are located in small quarters. These models can be folded easily after use and hung on the wall or put in a corner for storage. All models are made of stainless steel tubes and stainless steel swivel wheels, two with brake.

A protective cover with 4 zippers, is available as an optional item for all collapsible models.

PLATE MATE has 3 types of collapsible column carts available:

PM48 Collapsible, capacity for 60 plates, height 127cm ARK-155.

PM60 Collapsible, capacity for 60 plates, height 149cm ARK-145.

PM84 Collapsible, capacity for 84 plates, height 189cm ARK-135.
