The handy PLATE MATE table models are available in four types:

TM 12 Capacity for 12 plates, height 49cm ARK-230.

TM 24 Capacity for 24 plates, height 73cm ARK-220.

TM 36 Capacity for 36 plates, height 93cm ARK-210.

TM 48 Capacity for 48 plates, height 114cm ARK-200.

The rotating central column is located on a stainless steel four way base with adjustable feet. The table models can be equipped with swivel wheels, two with brakes. All models have a suspension eye at the top for hanging in cold storage or in marine galleys. They also come standard with a hand grip.
