Magnetically Catches Flatware Before It Gets Trashed

Saves Money

- Retrieve flatware - don't throw it away! On average between 4 to 12 pieces of flatware are thrown away per shift.

- Powerful magnets hold flatware utensils until they are removed.

Easy

- Fits standard size waste containers

- Easy to clean.

- Pre-assembly makes it ready to use

Durable

- High impact plastic design.
Guaranteed against breakage for 2 years.

- Dishwasher Safe.

- Chemical resistant

Encased Magnet

- Magnet assembly is completely enclosed
- Lifetime guarantee on magnets

Important: Test all flatware for magnetic properties. Magnetic devices will not attract 18/8 stainless steel.
